Winemaking details	

The hand-picked grapes were crushed and pressed immediately on arrival at the winery, with the juice left to settle in tank overnight before being racked to neutral oak foudres for fermentation. The wine was then fermented with wild yeast at 15-20° C and remained on the yeast before being sulfured and racked to tank 12 weeks later.

### About the Winery

Weingut Reinhold Haart lies only a few meters from the Mosel river, on the romantic, peaceful Ausonius riverbank. Immediately behind the family's estate, the Piesporter Goldtröpfchen vineyard begins its uphill climb, and only a few steps from the winery are the remains of the first and oldest Roman grape pressing house that has been unearthed along the Mosel. The Haart family's viticultural tradition has been documented since 1337.

### Vintage Notes

Vintage 2020 started with a mild winter, but also some good humidity, especially during February. Budbreak and flowering happened early in April / June respectively. August was remarkably warmer than the average, and summer continued through September.

### Tasting Notes

Rich and elegant nose of peaches, blackcurrant and white flowers. Refreshing but balanced acidity defines the palate, with ripe fruit flavors and a juicy acidity. This Riesling is easy to sip with a nice grip of minerals in the finish.

### Vineyard Notes

Grapes were grown in the Haart estates own vineyards on the steep (up to 70%) south-facing slope of Piesport. Here the soil is made up of soft clay-slate soil. This soil and the protective bend of the Mosel-river result in rich, ripe yet elegant Riesling wines.

### Pairing Notes

Served at 8-10°C this wine will make a great aperitif or a super partner for salads and light dishes with white meat, fish or seafood.
