Terroir:	The grapes are grown in steep vineyards in the Mosel and Ruwer valleys with optimum exposition and slate soil. The unique microclimate and the pink-copper-colored Devonian slate make it the perfect place for the production of high quality Rieslings.	
Vinification:	Harvested mid October, all grapes were picked by hand (at 98° Oechsle) gently pressed and fermented in stainless steel. After a long lees contact of about six months - patience always pays off in wine and winemaking – the wine was bottled in April 2022	
Description:	Attractive and aromatic nose of apricot, pear, pineapple, lime, herbs and passion fruit. Plenty of ripe and juice fruits on the palate convey a smooth and honeyed feel.
