

# evoé!

## ROSÉ

DRY  
2021

The term „Evoé!“, used in many works of our regional Swabian poets, has its origins in ancient Greek mythology. It is considered as the call of the Maenads, the female entourage of Dionysus. The Greek god of wine sent these „swigging and scrappy“ troops to the cities to shake the moral of the people before his arrival. The perfect name for our „immorally“ delicate wines!

### VARIETALS

Merlot, Cabernet, Lemberger

### TASTE + STYLE

This wine appears in a brilliant shade of salmon with red reflections.

Spicy berries. Rhubarb, red currant, gooseberry and lingonberry and red-cheeked apples. Accompanied by fragrant floral notes such as violets and woodruff.

The juicy and fruity acidity makes it a pleasure to drink. The finely spicy tannins and the delicate enamel give structure and depth.
