HANS WIRSCHING

2020 Silvaner dry

Franconia and Silvaner match together perfectly! Also for us, Silvaner is the most important grape variety. We offer different types of Silvaner - for each occasion and style the right wine.

This Silvaner has a vital character: Its fresh bouquet shows fine fruity notes and in taste its youthful lightness is remarkable: The light acidity and mineral taste, which are so typical for our wines, are wonderfully nuanced.

Fermentation is effected at a lower temperature in comparison our classical wines bottled in the Bocksbeutel. In that way the carbon dioxide is preserved giving the wine its tangy character and pleasant freshness.
